Notice:

This list indicates if the original sensors can be replaced by the Schrader EZ-sensor 2.0[®]. To program the EZ-sensor 2.0[®], a programming tool needs to be used.

Each programming tool has its own EZ-sensor 2.0[®] coverage list. Please refer to the coverage list of your programming tool manufacturer.

The column "Direct TPMS car park in Market" indicates the number of vehicles introduced in the reference market with direct TPMS systems using the specific sensor indicated in the OE sensor reference column.

For more information about the EZ-sensor 2.0[®], please visit tpmseuroshop.com.
